About Us

Intermont Living is the brand of Pars Engineering India Pvt Ltd for its housing sector ventures. Intermont Living is established with the goal of upgrading people's way of living through property development. The brand is jointly ventured by PARS ENGINEERING INDIA PVT LTD and ASHCON DEVELOPERS PVT LTD whose promoters had completed their business education from the United Kingdom. Their education from the west has motivated them to cater customers with projects carrying high quality and feel-good experience. The promoters had already joint ventured and handed over two high profile residential projects in the prime locations of Chennai. The promoters had earned trust in the market as the result of their approach with the stakeholders and supportive nature towards customers after sales.
